

Electronic Fund Transfers. EFT's are offered to customers who want their feed bills taken directly from their bank account. EFT's draft the 1st and 17th of each month (or the first workday after). Customers signed up for EFT's will automatically get 2% discount off their feed bills, like shown on invoices.

Customers will avoid being late on payments and finance charges. Once signed up, they won't have to mail or stop in with payments. The amount to be drafted is sent to the bank the day before the draft is to take place. All feed that is received by customers prior to sending drafts to bank will be deducted from customers bank account for that draft period. For example: If a customer receives feed on the 1st and 15th of month, both batches payments will be drafted from customers bank on the 17th.
